147. **Chairman's Announcements.** The MDDC Cabinet meeting held at the Town Hall this morning went well. Changes have been made to the Masterplan for the NW Extension as a result of input from Cullompton Town Council which is gratifying to see. Anthony Buczkowski remains concerned about the proposed location of the community composting scheme (at the top of the hill – he feels that it should be located at the bottom of the hill because less watering of the composting scheme will be required).

- c. To consider applications from neighbouring parishes. There were no applications from neighbouring parishes to consider.

149. **Neighbourhood Plan Update:** Draft 3 has been put together as a result of the issues raised by MDDC – a number of recommended changes, however, have not been made. Despite their inclusion in MDDC's Local Plan, they were considered important enough to warrant inclusion in the Neighbourhood Plan as well in the event that the policies are removed from the MDDC Local Plan in the future. A formal presentation will be made to the town council in due course, probably at an informal meeting. A number of issues have arisen including that land will not be provided in the NW Extension for a swimming pool as the proposed site falls outside the boundary of the development – the Neighbourhood Plan can allocate land for the swimming pool and will consider the issue at future meetings. The play park

list drawn up by the council will need to be checked and updated and those that are required to be protected will have to be so in the Neighbourhood Plan..

150. **Correspondence:** There was no correspondence to consider.

151. **Date and time of the next meeting:** To confirm the date and time of the next Planning Committee meeting as Thursday 11 February 2016 commencing at 6pm.
