- ii) consultation with the Town Clerk regarding the Town Council's Outdoor Team's view of the practicalities of what it feels would be appropriate for the planting scheme.

- The Committee's preference is for Rowan trees to be used if possible (as these do not grow too large and has berries that birds will enjoy) and trees should be placed in the hedge line bordering the cemetery and proposed North-West Extension, with a number also placed within different areas of the cemetery.

- However, as members present do not feel they have sufficient knowledge required to determine if this is the most appropriate option for the cemetery, that a recommendation is made to the Town Council for formal ratification.
- It is noted that there are a number of Town Councillors who are specialists in certain related fields and it would be useful to receive both their view and the wider view of the Town Council on the preferred option.

RECOMMENDATION to the Town Council as Resolution above.

C&TH Members Questions

218. This agenda item is to give Councillors an opportunity to ask questions which are relevant to the work of the Committee.

Cllr. Buczkowski: Advised he had been made aware that a 3rd party was to have the use of the Town Hall (on Saturday 4th December 2021) and wanted to understand how this has come about as he was under the impression that the Hall was not being hired out. If the 3rd party is not being charged, who made the decision not to charge, as we have in the past charged local charities to use the Hall? Further, it is understood that the 3rd party has implemented (advertised) a 'no mask, no entry' policy and clarification was sought as to how this fits with the current legislation. It is understood that the wearing of a mask is controversial at the moment. As owners, and with the responsibility for the building, how can we allow someone to say 'no mask, no entry' when this is not what current advice or legislation is?

A response was given that the 3rd party would not be hiring the hall but would be using the side of the Town Hall building to store and to pass out free trees to members of the public as a community engagement exercise and as part of the nationwide drive of Tree Planting Schemes. It was confirmed that this project had been advertised on social media; The use of language is very important and statements of this nature can be inflammatory.

Note: The comments as received in relation to the 'no mask, no entry' policy to be relayed to the host and confirmation is required around this policy.

Cllr. Johns: Asked for confirmation about where the trees would be located.

It was confirmed this would be the side alley adjoining the Hall and not the driveway adjacent to the Town Hall building.

The meeting closed at 19:35 hrs.
